

Indiana Federation of Music Clubs 2019

There are new rules to follow for the IFMC Junior Composers Contest 2019. The deadline for this competition is January 31, 2019. Each junior composer must apply and submit information to both the IFMC and NFMC online applications. All State and National fees must be made through the National website payment link listed below. The Indiana state fee is \$10.00, and the National fee is \$5.00. There will be no more fees than that and we are separating this from the festival. Their area chairs will be notified of their participation and rating so that they can attain gold cup points. If you have any questions, please contact Dr. Karri York at indianafederationcomposition@gmail.com. Thank you for your time in filling out and submitting both State and National applications.
